Dear Members,

As you know plans for the first Al-Anon World Service Conference are under way and it will be held in New York on April 21st and 22nd.

The Conference Committee is greatly encouraged by the cooperation it is receiving from many areas.

Each State or Province in Panel 1 will pay the equalized expenses of their Delegate to New York but the overall operating expenses for the Conference will be paid out of a general Conference Fund to which we are asking all groups to contribute.

The Conference is for the benefit of Al-Anon as a whole. Therefore, we feel that all groups will want to share in its financial support.

If every group, regardless of size, will make a special effort to contribute, we are sure to get off to a flying start.

May we count on your enthusiastic response soon?

Sue L.
