friends in Al-anon;
Our Al-Anon Family Group Headquarters in New York would like very much for your state to start operating as closely as possible to the plan they have set up for all the states.

We start out with each group's representative. A G.R. should be a dedicated Al-anon, willing not only to serve her own group but go beyond it so the message of Al-anon can be carried to people that still do not know of our wonderful fellowship.

We have been set up in districts, in some instances there are more than one G.R.'s in the district get together and elect a committeeman. The committeeman it is hoped can attend state meetings and bring back reports to the G.R.'s and they in turn report their messages to their own groups. State officers are supposed to come from the state committeemen. With our G.R.'s we must think of him or her as a future representative of the state officer, in other words a servant of all Florida.

At the last State AA Convention this is was the consensus of the group we have our state elections at the state convention. Our next state officers are to be elected then. The 1969 convention to be held at Daytona Beach in June. Everyone felt that we have the best representation when the convention is held.

If your group does not have an active G.R. please elect one as soon as possible and let me know who it is.

If I or any of the state officers can be of service to you please do not hesitate to call on us.

Respectively yours,

Mrs. Wm. T. Pratt Sr.

Florida State

for Jacksonville area and St Augustine;

The groups in your area are in District 11(2)

Just in case you are wondering about my typing, I do not make a living from it.

The carbons are to save time as I work every day and am writing all my letters up in my rest time.

Please let me hear from you soon
