

Outreach To Institutions Report for 11/9/2024 D3 Business Meeting

Have passed out 75% of the 2018 "Al-Anon Faces Alcoholism" Magazine which were in storage @ Penman since before Covid. The majority went to libraries and to several AA meetings in the Beaches and San Marco area. Also to help educate the public about the family disease of Alcoholism, some were also given to this Chair's AA Co-Operation with the Professional Community/Public Information committee members to pass out with their AA pamphlets.

Have almost finished reading the pamphlets which were purchased @ the LDC. Also spent quite a bit of time getting familiar with the al-anon.org website. Many suggestions were found for the best pamphlets to have in stock to pass out. An order will be made soon.

Still looking for volunteers, and would love a co-chair to bounce ideas off and motivate each other. Please announce this in your meetings. Thank you for your patience with this Committee Chair "Newcomer!"

Lillyn B.
