

## 11/9/2024 Technology Report/ Archives Report

1. I am working on getting the Archives posted to jaxafg.org. As I am purging the files there are hundreds of clear sheet protectors left from the purged files. I will be returning those and some extra binders to the District. The purging is of information that does not meet the District's guidelines on what is to be posted to jaxafg.org. I am not destroying the hard copies of the information that is being posted. Therefore, there will be a stack of binders about 6 feet tall by 2 feet wide that needs to find a storage home.
2. I have posted some wonderful Archives on Lois when she visited Jacksonville. I hope you all will take a look at them.
3. There are also some great stories about the groups histories that will be posted to the Archives as well.

I will be attending the Zoom Technology class that Ray, the Area Technology Chair, is hosting at the end of November.

I have volunteered to Chair the Raffle part of the 2025 FL N Area Convention in Orlando. I am looking for AI-Anon members who will help me with this. So far 3 people have volunteered and at least 20 are needed. There will be two days of volunteer shifts and the more volunteers the shorter the shifts are. Please Volunteer.

I am also one of the Florida Chairpeople for the Tri-State Winter Weekend that is on St Simons Island, GA December 13-15, 2024. I will share information about this at the District meeting.

In 2025 I will be the Zoom host for the District's meetings. I am looking for a backup host. I travel often and plenty of times I am in locations where there is no internet or phone service. I plan on arranging my schedule accordingly, but a backup host is optimal.

I am still looking to train a replacement as District Technology person. If anyone is interested in this service please contact me. It really is not difficult but how will you know that if you don't try.

I appreciate you all, Tina D. Technology Chair District 3.
